

These laminators are the narrowest of our free standing cold laminators, capable of producing both single sided cold lamination as well as mounting of display images and features simple set-up with one button operation. Standard features included a rear remote control, foot pedal and stand not found on many other competitive laminators at this width. The compact design and features makes these laminators the ideal cold laminator for the Sign Shop. Combined this laminator with your 54 inch inkjet printer and you will be able to provide endless finishing solutions. From lamination to mounting you can count on these cold laminators to give you years of service and performance.
